Thanks for downloading and welcome to the twinkl family!

If you love our resources, you'll love premium!

- Save valuable time- we know how precious time can be, so we've spent thousands of hours creating lovely resources, leaving you to focus on what's most important.
- All the tools and materials you will need to create an amazing learning environment for your little stars.!
- The largest collection of premium resources on the web at less than 1p per resource!
- Find out more about Twinkl premium at www.twinkl.co.uk/premium

How to change the print size of this resource

- In your PDF reader, click the 'File' menu
- Select 'Print'
- Click the box next to 'Print Scaling' and select 'Multiple Pages Per Sheet'
- You will now have various options, which will enable you to print several pages on just one sheet of paper.

A brief word about copyright...

2D Shape

The shape with the greatest number of sides wins.

Addition

The answer with the highest value wins.

Decimal

The decimal with the highest value wins.

Fraction

The largest fraction wins.

Multiply

The answer with the highest value wins.

Instructions

Deal out all of the cards so that players have an equal number of cards each. Players should hold their cards face-up in a pile. Players must not re-arrange their cards.

The first player chooses an item from their top card and reads out the answer. The player with the highest value wins the cards from the other players and places them at the bottom of their own pile. The next player takes their turn.

If 2 or more cards share the same value place all the cards in the middle. The same player chooses another item. The winner of that round will take all the cards including the pile in the middle and place them at the bottom of their pile.
